Egypt Itinerary Day Tour

Begin your Cairo One-Day Itinerary by visiting the incredible sights of the Giza Pyramids, the Egyptian Museum, and Coptic Cairo. Meet your personal tour guide at the hotel lobby in Cairo or Giza. Then, you will be transferred in a deluxe vehicle to witness the most extraordinary site in Egypt, the Pyramids of Giza, which still triggers the curiosity of scholars and Egyptologists all over the world.

These gigantic structures were built by the kings and pharaohs of ancient Egypt during the old kingdom of ancient Egyptian history, which was divided by historians into 30 dynasties that ruled Egypt from 5000 years ago until the Roman occupation took place in 332 B.C by Alexander the Great who established Alexandria City to compete with the Roman and Greek cities during that epoch.

You will have a full view of the great pyramid of King Cheops which stands at a height of 140 m. and was established to serve as a burial house for the divine king. Continue to the high plateau for a great chance for camel riding around the Giza Pyramids area while your private tour guide will assist you in capturing amazing photos kissing the sphinx, riding camels, and holding the pyramids between your hands.

Have some rest to enjoy a local lunch in a good quality restaurant.
